By way of this email, I'm asking my colleague, Ray Lau, to attend the meeting. Ray can you please attend on my behalf?

Fortunately for you, Ray is far more knowledgeable than me about all parking related matters. You'll be in good hands.

Thanks Ken. Our BID Board meeting has to be on October 23 @ 10 am. Can you send someone who can address a request we have received from a number of local property owners to create 2 hour parking zones along Sepulveda Eastway and Sepulveda Westway. What is the process? Can meters be installed and enforced? What

factors should be considered in setting appropriate parking time limits? Some of our local property owners would also like to open portions of Westchester Parkway to limited parking (it is currently "no parking"); how would we go about accomplishing that? I'm sure other discussion points will arise as well.

Thanks Ken. We'll miss you but look forward to getting some real information and guidance.

Hi Don,

Yes, we tried over and over to connect via the phone with no luck so email was a good choice. I'd be happy to attend on October 16th if that is still an option. On October 23, I will be out of town for a conference, but can send someone in my place. Let me know what you prefer.

It would be nice too see Miki, John, and any others from the good ol' days. :)

.....Ken

Looks like the meeting will be Thursday 10/23, the following week.  
Does that help?

We've been really fighting to talk together about the possibility of instituting parking time limits or other controls along the referenced streets. Email may make progress easier. Would you be available to attend our Westchester town Center BID Board Meeting on October 16 at 10 AM to share some thoughts on this topic with the area property owners. It's a small informal group meeting. We are wondering about alternatives, process, time lines, etc. Maybe you could share some of your insights with the Board members that would be

helpful too. If we could speak with you for 30 minutes or so we would be very grateful. Could we work that out?

And you'd get to see your old friends from Westchester!!

Thanks Ken.
